

Housekeeping Information

We'll take care of everything while you relax — or enjoy your day out! To help us clean efficiently and reduce waste:

If you would like fresh towels, kindly place all used towels in the laundry basket when requesting room cleaning. Our team will replace them with clean ones.

If you wish to reuse your towels, please hang them on the towel rack. Towels left hanging indicate "reuse" for the next day.

Please avoid leaving towels on the floor so we can keep your bathroom tidy and safe.

Don't use bath towels for removing make-up, cleaning rental-cars, shoes and or floors.

Don't use bath towels for beach use. Please use the beach towels to take with you to the beach

By reusing towels, you help us save water and energy, reducing detergents released into the environment.

- **Clear personal items from the bed and bathroom countertops.**
- **Turn off electronics (lights, TV) before leaving the room.**

We will clean your room every 2 days. If you do not want us to clean it or need any towel replacement, please contact the manager.

Thank you for helping us keep your space fresh, cozy, and welcoming.
We truly appreciate your collaboration — rest well and let us do the rest!
